EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claim 7 (page 3, line 8) now reads "A primary station as claimed in claim ~~4~~ 1, where in...".

(the number 4 has been strikethrough to clarify claim 7 depends on claim 1)

Allowable Subject Matter

Claims 1, 3 and 5-14 (renumbered as claims 1-12) are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claims 1, 3, 9 and 13 (renumbered as claims 1, 3, 7 and 11, respectively), examiner agrees with applicant's arguments dated 12/6/05, pages 7 and 8.

Therefore, the prior art of record fails to specifically disclose the limitation specified in the independent claims, including a communication channel between the secondary station and a primary station wherein the secondary station is adapted to determine based on measurements of a time rate of change of received signal to interference ratio, an optimum rate of adjustment of the output power of the primary station, selected from one of a plurality of rates of adjustment available to the primal station, and for communicating said rate of adjustment to the primary station.

Art Unit: 2684

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
